

# Western Regional EIS Conference and Epidemiology Training

Dates: March 13<sup>th</sup>-14<sup>th</sup> 2007

Where: University of Utah,  
Health Science Education Building  
Alumni Hall

Tuesday, March 13<sup>th</sup>, 2007

9:00 am-4:30 pm

Epidemiology Training for Public Health Personnel

- Review the fundamentals of surveillance and outbreak investigations using both lectures and small group activities
- Lunch and snacks will be provided

Wednesday, March 14<sup>th</sup>, 2007

8:00 am-5:00 pm

Western Regional EIS conference

- The Epidemic Intelligence Service (EIS) is a two year applied epidemiology fellowship run by CDC
- Hear presentations about recent EIS investigations, including outbreak investigations, chronic disease interventions and disaster response
- Network with other Utah epidemiologists
- Come for the entire day or just one session

Register for one or both days at: [www.utah.train.org](http://www.utah.train.org)

March 13 – Epidemiology Training day is U-TRAIN course # 1007688

March 14 – EIS presentation day is U-TRAIN course # 1007640

Both events are **FREE**. More event details on U-TRAIN
